Hi [Name],

As you can imagine, I speak with a lot of entrepreneurs.

Whether I'm traveling out on the road speaking at events or coaching entrepreneurs via the phone and email... I meet many amazing individuals who have big dreams and goals, **HOWEVER, 9 times out of 10 every single one of them has at least 1 IF NOT ALL of these problems...**

- 1) They are maxed out, working 10+ hours a day, but are not generating a stable income.
- 2) They have a gift they want to share with the world, and they know who they want to help, but they can't find the right buyers who are willing to pay for their products and services.
- 3) They have so many ideas, but deciding which one to act on has kept them paralyzed from actually moving forward, and making money.

4) They know what they want to do, but are unsure of how to monetize it or the steps they need to take to make their dream become a reality.

5) They are implementing too much which is keeping them from doing any one thing with excellence or success.

6) They think their biggest problem is that their list is too small or they are not getting enough “likes” on Facebook. (If this is you, then you are in trouble!)

*Sound familiar? Thought so!*

**These are the biggest problems men and women business owners face that leave them stuck, overwhelmed, frustrated and burnt out... oh, and not to mention broke!**

So what I decided to do is open up my calendar to get on the phone with you for about 30 minutes (absolutely FREE!), just you and me, to get you focused and clear on what you need to do now to **[BUILD A BUSINESS]** that works for you, makes you proud, and allows you to live the life you have always dreamed about.

But here's the thing... **[PRIOR ENGAGEMENT YOU ARE BUSY WITH]** So as you can imagine I am pressed for time. As much as I would love to chat with you all, it's just not realistic. But what I can do is make room on our calendars for 17 entrepreneurs who are ready for **big change before the end of 2016!**

17 entrepreneurs in my community will get the opportunity to work with me one-on-one, for 30 full minutes on this complimentary Strategy Session.

These calls are on a first come first serve basis so book now!

P.S. If you have made it down to the bottom of this email, and have not yet clicked the scheduling link yet, maybe you are a little scared or nervous, and that's okay. I know that the things that are most scary for me, are the things I must do to grow. Therefore, I encourage you, no matter how scared you are, to schedule a session, because if you are granted one of these 17 coaching calls, this could be the moment in time when you look back and say, "This is when my business and my life changed forever.
